

# CROESONOLI YBG!

*I just wanted to let you know that XXX had a fab day back in school. She got in the car and said, "I've had such a good day, I don't know why I was worried about it!" She said from the moment she passed all the staff in the carpark, who said hello, and then being met by Auntie Lisa, she felt safe and secure.*

*Personally I think it was great to be back in school, although I was a little bit nervous at the beginning, the teachers made it easy to follow the rules that were set in place. I appreciate that the teachers had put a lot of thought into the lessons planned. Also, the cleaners in school were constantly keeping everything clean which put my mind at ease. Thank you.*

*I really enjoyed going back to school last week. It was set up so that we could keep our distances from each other. Even better, everyone could still interact safely, which was great. The lessons were really fun too. I am really looking forward to going back tomorrow.*

*(Year 7 pupil)*

*XXX, was in school yesterday and had a very positive day. He enjoyed seeing his friends and teachers, enjoyed the supervised football and even enjoyed the work set.*

*He wasn't at all daunted by the extra measures in place, so would you please pass on our thanks to all the staff for all their hard work. Thanks again.*

*I was a bit nervous to go back with the whole social distancing and all, but it was better than I thought, especially with the classes. It was a good chance to clear up any problems or questions about the work I'd been doing at home.*
