9. To celebrate diversity and encourage inclusion.

MISSION: To work to secure outstanding educational achievement which will enhance the life chances of all pupils.

Our mission statement underpins all cluster activities.

The implementation of the above aims relies upon the development of a common educational philosophy, which recognises that no one partner is any more or less important than the other.

The Plan sets out how we will work together to realise the above aims. It summarises aims and priorities agreed by partner schools for the period September 2022 - July 2025, and indicates the work to be addressed in 2022-23.

The progress made and next steps will be reviewed and agreed annually by partner schools. We will seek the views of parents, carers and pupils on the Plan and approach taken, and work in partnership with colleagues in the local education authority.

The Plan addresses the action that will be taken against the core requirements set out in guidance provided by the Welsh Assembly Government:

1. Managing and co-ordinating transition
2. Joint curriculum planning
3. Achieving continuity in teaching and learning methods.
4. Achieving consistency in assessment and monitoring and tracking pupils' progress against prior attainment
5. Evaluation of the impact of the Plan and improvement activities on standards.

In addition, the Plan sets out how we shall work together to ensure that there are effective arrangements for transition in the following areas:

6. Pastoral links to meet pupils' personal, social and learning needs;
7. Involving parents/guardians in the transition process
8. Sharing information about pupils' achievements and attainment;

In each case, the Plan identifies current and ongoing work. Where areas for improvement are identified, we shall agree priorities and work together to address these over the period of the Plan.
